Keeping our community

InTouch

FAREHAM is safest and happiest in the hands of the **Conservatives**.

92% of residents have said they are happy with the way we run the council.

And a nationwide survey for the Office for National Statistics revealed the Borough is the place in SE Hampshire people are happiest to call home.

No wonder. Year on year we prove we can manage **your** money properly and maintain services, even in these austere times.

We've done it on one of the smallest local government grants in the UK.

This year, we'll get **nothing** from Whitehall – even more reason to ensure we stay in control of budgets.

WHAT WE HAVE DONE FOR FAREHAM

Frozen your council tax for 7 years, then increased by just 1p a day while preserving services. It's one of the lowest in the country

New community facilities at Holly Hill Leisure Centre, Coldeast Park; new community centres at Portchester, Whiteley; new play areas

New college, innovation centre, hangars, re-surfaced runway at Solent Airport (Daedalus) enabling thousands of new jobs

New sheltered homes for residents with care needs at Collingwood Court and Sylvan Court

Huge £100m road improvement programme, including dual carriageway from Fareham to Segensworth, roundabout improvements

£650,000 to transform Westbury Manor Museum

Frozen town centre parking charges for many years. Maintained free parking elsewhere

Designation and funding for Welborne garden village

Retaining, supporting Borough's youth services

Same-day GP access at Community Hospital

WHAT WE PLAN TO DO

Keep council tax increase at 1p a day; make more savings; improve and preserve front-line services

Work with police for zero tolerance to pavement parking which is anti-social and dangerous

Enable provision of thousands of affordable homes to cater for Fareham's housing needs, rented and discounted homes, self-build homes

Press for greater use of Fareham Community Hospital, including minor injury treatment, care of elderly and maternity beds, transport service

M27. Bring about £250m smart motorway, upgrade Junctions 9 & 10 and build Stubbington by-pass

Review use of single-use plastics and phase out asap

Prioritise brownfield site development. Where greenfield use is necessary, ensure proper infrastructure such as roads, school places, community facilities, GP access

ONLY the Conservatives can keep your council tax low and still deliver the goods
