STEVE DUGAN

A strong ally in fight to protect Hill Head from development

MANY of you have spoken to me in the village expressing concerns over the proposed development in Old Street and to date some 700 objections have been received by the Council.

After deputations on behalf of Steve Dugan and by local **Conservative** councillors, this application was unanimously rejected by Fareham Planning Committee on March 21.

A further threat to our countryside and infrastructure is the proposed development on Newlands Farm which would greatly reduce the effectiveness of the now fully-funded Stubbington bypass project.

I will open a similar campaign against this proposal once it is scheduled for the planning committee.

These are challenging times for our community, particularly from the threat of developers

wishing to build on any available piece of land irrespective of the problems caused by lack of infrastructure and the effect on existing residents.

With good positive communication I will do my utmost to voice the concerns of all local people and together we can try to keep Hill Head one of the most sought after and pleasant areas to live in the Borough of Fareham.

Mobility is an important factor for local residents, allowing access to shops and services and the **Conservatives** have secured bus subsidies until at least 2020 in spite of severe cuts to government provided funding.

I understand local issues and would be a great champion for the community and I should be honoured to receive your support at the coming election to allow me

to represent the residents of Hill Head.

DON'T THROW IT ALL AWAY

On Thursday, May 3 trust the **CONSERVATIVE** Council that's delivered the goods year after year

CONSERVATIVES HAVE GOT SO MUCH MORE TO OFFER

FAREHAM'S ECONOMY

Hundreds of new jobs already created at the Solent Enterprise Zone at Daedalus; we will enable thousands more. We will ensure that Solent Airport becomes self-supporting as flight numbers, already up by 50%, continue to grow

We will pursue the publicly supported visions to enhance both Fareham and Portchester shopping centres

We will continue to support better broadband provision in the areas such as Whiteley and others which still do not have it

FAREHAM'S COMMUNITY

We have built new community centres at Whiteley and Portchester plus the Holly Hill Leisure Centre and Coldeast Play Park

We will upgrade all of our children's playgrounds and continue to support youth services via Y-Services

We will continue to campaign for minor injuries treatment, elderly care and maternity beds at Fareham Community Hospital as well as finding a public transport solution

FAREHAM'S HOUSING

We will enable sufficient new homes for Fareham's housing need and fight government attempts to increase. That is 8,000 by 2036, mainly at Welborne

We will protect as much of our countryside as possible by using brownfield land first and, therefore, need to decide where the new homes go so that is not done by an appeal inspector without infrastructure

We will deliver as much affordable housing as possible including council housing, shared equity housing, discounted and even self-build homes

WHAT WE PLAN TO DO

- Continue to maintain almost the lowest council tax in the country while making savings and preserving front-line services
- Start work at Welborne in 2019-20
- Deliver planned improvements to the M27 J9 and new all-moves J10
- Newgate Lane South almost completed Stubbington by-pass now fully funded
- Complete A27 Segensworth to town centre dual carriageway
- Continue to deliver a Vision for the Solent Enterprise Zone at Daedalus to provide thousands of highly skilled jobs and infrastructure
- Fight hard any planning appeals which threaten our strategic countryside gaps

CONTACT STEVE ANY TIME

Steve has worked in aircraft engineering all of his working life and works at HMS Sultan as Head of Training Support.

He will retire in 2019. He and his wife have lived in Hill Head and Stubbington for the past 27 years.

They have four children and six grandchildren.

57 Martin Avenue, Stubbington, Fareham PO14 2RZ
 Tel: 07948 381721

FAREHAM'S TRANSPORT

We have worked with the highways authority and Highways England to bring forward over £500 million of roads investment:

Stubbington Bypass, Newgate Lane North and South, St Margaret's Roundabout, Peel Common Roundabout and A27 dual carriageway from Segensworth to Fareham

Smart Motorway programme to add extra lanes to the M27 and M3 with variable speed limits and major improvements to Junctions 9 and 10

FAREHAM'S FINANCES

We froze the Council Tax for 7 years and have recently increased it by just a penny a day. That is our pledge for the future

We invest in commercial property, mainly in Fareham, which brings benefits in terms of keeping council tax low and preserving excellent services

We only raise 14% of spending from Council Tax, so we are very careful with your money which is why we continue to set almost the lowest district council tax in England while providing some of the best services

FAREHAM'S ENVIRONMENT

We have pledged to ban the use of single-use plastics by the Council as soon as possible

We will work with the police to see zero tolerance of pavement parking which is both anti-social and dangerous

We aim to introduce a recycling scheme for pots, tubs and trays for Fareham residents until it can be provided across Hampshire

Conservatives spend every penny of your money wisely – that's why you pay one of the lowest council taxes in England

A candidate who cares for his community

Discussing the consequences of Old Street development proposals

Steve is seen here discussing the implications of the now refused Old Street development with Mr Steve Murray, a resident of Plymouth Drive, who is concerned about the increase in traffic and damage to the habitat in Titchfield Haven. He will continue to campaign against the proposed development for 160 houses in Old Street should there be an appeal against the planning refusal which would have serious consequences for the local infrastructure and Titchfield Haven.

Bus services are secured until 2020

Bus subsidies have been successfully secured until at least 2020 allowing access to local services and shops for those less mobile to continue.

Beach protection

Work is now complete to reduce coastal erosion, improve the walkway and safeguard the beach huts on Hill Head beach near the sailing club.

Newlands Farm development impact

Steve opposes development of Newlands Farm which would result in loss of designated countryside, have a detrimental impact on surrounding roads and reduce the effectiveness of the Stubbington bypass.

On-going progress at Daedalus

Development of the airfield continues. Steve is seen here with Terry Coombes, chairman of Lee Flying Association, discussing the merits of the newly improved public viewing area.
